

TCM Forklift Parts

TCM Forklift Parts - In the global industry of material handling, forklifts play a major role for transporting industrial goods. Originally innovated as industrial vehicles in the 1930s in America, forklifts gained popularity after World War II during the 1940s. Becoming a reliable and efficient means to material handling solutions, the need and practicality of these equipment spread globally.

In the year 1949, founded by Mr. N. Niwa, the original Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Currently the business is simply referred to as TCM Corporation. Through the years, TCM lift trucks have become an international leader in forklift manufacturing and have built a solid reputation in the industry. TCM began building forklift manufacturing locations outside of Japan in the 1980s and is now engaged in forklift manufacturer at three foreign factories in the United States, Europe and China.

TCM proudly manufactures various models of industrial trucks with more than 50 years of accumulated technology and expertise, making their products recognized and used all around the globe. Characterized by energetic staff and strong initiatives, TCM continues to look toward the future and intends to become a world-class leading business.
