

Rockwell Part

Rockwell Parts - AxleTech International is a premier dealer in the globe of specialty vehicle drive-train systems and parts along with off highway vehicles. The business prides itself on being its customers' preferred supplier. AxleTech strives to meet and exceed their clients' expectations for service, technology, delivery and quality. They believe in working in an environment which encourages the highest integrity with empowered teamwork, combined with a persistent pursuit of results.

AxleTech International falls under the umbrella of General Dynamics. They place great emphasis on being an environmentally conscious company and providing a safe atmosphere for their workers to work in. What's more, they have implemented numerous programs within the corporation to be able to help articulate these values within their business policy. AxleTech happily shares this policy and welcomes interested parties to offer them with any comments or questions, as they are glad to share and promote this policy with a greater understanding of their efforts. They are extremely devoted to preserving and improving the natural environment. AxleTech has an EHS program which not just protects the natural world but which also actively protects their staff and neighbors too.

AxleTech specializes in the manufacture and designing of planetary axles utilized for both military and commercial applications, which can comprise anything from construction equipment to airport ground support. They take great pride in being an innovative drive-train solutions provider as well. AxleTech particularly designs axles to meet specific application demands. They have over one thousand various axle specs within their current offering. With over 100+ years of history and knowledge, AxleTech proudly supplies the most complete solution for any of your axle requirements. The company is well known in numerous military and commercial applications. They provide complete axle assemblies used for aftermarket replacement needs, along with servicing axle needs for OE production. Their high mobility ISAS have extra details which can be found in the "ISAS" product collection.
