

## Concrete Hoppers

Concrete Hopper - This particular accessory is a self-dumping hopper which automatically triggers to dump when bumper release contacts the side of a dumpster. As soon as dumping is done, the hopper goes back to an upright and locked position. This particular piece of equipment also comes along with a cable which enables operation from the seat of the lift truck to be able to have the choice of manually dumping the hopper. There is a locking chain provided so as to lock the hopper to the fork truck. This product is constructed with reliable and consistent robotic welds for utmost strength. The lift truck dumping hopper likewise has a blue powder coat finish in order to maintain durability.
